MESSAGE IN A BOTTLE

If you live alone it's important that your contact and medical details are easy to find in the event of an emergency.

To help out, Oxfordshire County Council are giving away a free green bottle for you to store important information, such as personal details, emergency contact details, doctors details, medications and allergies. Lions Club International provides the bottles.

If the emergency services are called to your home they will look for the green cross symbol on the back of your front door and will then know to look in the fridge for the information in the green bottle.

If you live in North Newington and would like a free green bottle then please contact the Parish Clerk, Elaine Boswell either by email: northnewingtonparishcouncil@gmail.com or phone 01295 738803 please supply your name and address.
